Episode Format

First episode will be a different format from the rest of the series. Standard format-

1. Teaser - usually non-main cast suffering some kind of problem
2. Theme music
3. Day to day - what the main cast do when not solving conflicts

Episode List

1. Beginning
Investigating a cultist attack on an outpost, the spaceship InsertNameHere of the UREF arrives to help out. The bridge crew are killed, the below deck crew are in desperate trouble and need rescuing by those at the outpost — Parodying any classic Trek where they go to a colony/outpost — [Peter Cobcroft](#) 2012/12/11 15:48
2. Escape from the outpost? Possibly a parody of Doom? Might be amusing to use the sfx from the game.
