

The author

By Pogo ([original post](#))

This nearsighted, pleasant looking man has dark hair parted on his right. He is always polite. His answers to all questions have an air of authority. He spends most of his time in the hotel. When he does leave, he will have what appears to be some sort of manuscript. When he returns, he will be carrying cat food, and a large number of books with a common theme. They may be all fantasy novels, all animal books, or all martial arts tomes. By all rights, his room should be filled with books as he never carries more than the manuscript out of the hotel, but it is not.
