

The Novelist

By McCoy ([original post](#))

Unlike the guy above, who never talks about his work, this 30-ish man with no visible means of support is writing a book. It's almost finished, just a little more work and it'll be ready to submit. Two movie studios are already interested, just based on his outline.

The strange thing about him is that if he is in his room you can hear the steady tap-tap-tap of a manual typewriter. Nonstop. Doesn't he ever sleep?
