

# The Stud

By Korvar ([original post](#))

He's short, fat, unshaven, with long greasy hair in a messy pony-tail. He looks, dresses, and, quite frankly, smells like a stereotypical geek. Talks nothing but comics, games, and computers.

However, there's always at least one gorgeous woman on his arm. And a couple waiting nearby for him. And sometimes lined up outside his room. The rooms on either side of him are empty, on account of the noise.

He never speaks about his success with women, and neither do they. But you do notice that they are all wearing a small black lace choker.
