

# Victor And His Young Assistant

By Wilfred\_Death ([original post](#))

Er, the name might be wrong there - facsimiles of the two main characters from [the movie] *The Professional*. The man is tall and polite with slightly bad English, he often carries a heavy case with him. The girl is 'cute' and claims 'the man is my father and teaching me the violin.' The man lives mainly on milk and is very private.

They are harmless unless someone: attempts to break in to their apartment; attacks or harms the girl; or, if some innocent is threatened right near their room door, in which case Victor's skill with guns and close combat weapons is unsurpassed.

They will leave suddenly, and coincidentally an important underworld figure will have died.
