

The Look Quick Lounge

By Nothere ([original post](#))

There is a comfortable well furnished lounge that several guest don't like going into. It seems they occasionally get the feeling that they are not alone even when there is no one else there. It's not just a weird feeling. They occasionally notice something out of the corner of their eye. Some of the quicker guests say they can almost turn fast enough to get a look at whoever it is. Though there is the rumor about the guest, who got the idea to use a mirror to see who it was. No they didn't just dissapear, they checked out. People don't just disappear. Well no I don't have their receipt, but it must be in the records room somewhere.
