

## Faction Paradox

- [The Faction Paradox Website](#) - as much of the original website as I could find, and with additional material about the newer books and audio dramas published after the website ceased. — <http://www.factionparadox.co.uk> existed from No - [Timelines Gleaned](#) - Information found on the internet. A quick note here - all content will be from publicly accessible internet sites or my own ramblings. i.e. public domain stuff. Except for the title seen to the right, which I did in photoshop based on the book cover art titles. If it ever eventuates that someone wants to publish a roleplaying game and buys the license from the appropriate people (ie Lawrence Miles and Mad Norwegian press) - let me know and I'll see what needs to be pulled from this site.
